5511 DRESS AND GROOMING

The Board of Education believes that a strong relationship exists between what a pupil wears and the attitude and behavior he/she displays. The pupil should always be well groomed and dressed appropriately for the activity to be engaged in during that school day.

Clothing must be neat and clean, should not be hazardous to the health and safety of self and others, and should not be capable of disrupting the school's educational program.

Standards of appropriate dress will be determined by the Principal.

The Superintendent shall ensure that any differences between buildings are appropriate.
