

Mission

- We mentor special needs kids in all facets of their lives.
- We integrate the families into our programs as an essential component of the child's success.
- We know that our approach in each program needs to be combined with attention to cognition, language and social development.
- We have a responsibility to nurture the leadership develop of our Board and Mentors.

Kids to Kids

Develop lifelong skills of our children, through the inspirational leadership of young adults!

Research into Practice

Swimming

- ❑ Developmental stroke production
- ❑ Meets and Banquets

Cognitive and Social development

- ❑ Neural plasticity- hand over hand
- ❑ Self-Determinations- what do you want to work on
- ❑ Learned Optimism- inclusion of families, special needs kids as mentors and success

What we do?

- Developmental sports and artistic programs.
- Our over the Horizon goal is to develop a “Place” to be a laboratory for learning

Current Program

Swimming, TKD and Art

In Planning or Development

- ✓ *Drama, Running, Triathlons, Weight lifting, Golf, Dance*
- ✓ *Oceanography, Space, Chess*

Our Research Foundations
